

„We are looking for teamplayers with a passion for consulting and a distinct sense for the customers' needs!“

We are currently looking to immediately fill the position of a:

Junior SAP Consultant (f/m/d)

Our mission

Since the launch of anuwoco, we have dedicated ourselves to the development and improvement of archiving concepts. We are therefore happy to assist small as well as large companies on the way to find the most suitable archiving solutions for their documents and data in the SAP environment. Harmonizing, migrating and optimizing archive landscapes – all questions concerning these topics are our specialty.

What you can expect

***IMPORTANT* - You will be supported and guided by experienced colleagues from the very beginning in order to familiarize yourself with our activities 😊**

In addition to your continuous training,

- you will be responsible for the operational execution of archive migrations - moving large volumes of archived documents and data for both small and very large corporations. That is the special thing about our work - we work with many different people, industries and nationalities 😊
- you advise our customers on SAP lifecycle management with regard to process and infrastructure issues
- in the course of time you take over the control of the projects on your own responsibility

This is your profile

- Bachelor's or Master's degree in computer science/business informatics or comparable degree program
- Possibly first SAP knowledge
- Curiosity and interest in new experiences
- You enjoy organizing
- Good communication and presentation skills in German and English

What makes us unique

- We are innovative pioneers in SAP-archiving consulting, we accompany our partners and customers on their way towards digital transformation.
- We are consulting based on self-developed software solutions for archive migrations which are tailored to meet exactly the needs of our customers.
- As a growing business with short decision-making processes we provide a lot of space for good ideas.
- We are a mixed team of developers and consultants with a wide variety of professional backgrounds whose individual strengths drive and shape our business.
- Opportunities for unlimited learning
- Flexible working hours
- A personal work environment where togetherness is a priority, in a cool Gründerzeit villa in the heart of Speyer with shared food and fruit
 - the pineapple is our secret logo ☺ 

Did we catch your interest?

We are looking forward to your application and the chance to meeting you personally.
