

**WE HANDLE YOUR KNOWLEDGE
IN SAP FOR AUDITS**

**anuwo
Service
Portfolio**

anuwo's philosophy

- SAP cross application business consultants for archiving
- **Handling archiving from business and audit point of view**
- Using our own migration engine for all standard SAP archiving scenarios
- **Following data migration for relevant documents**
- Delivering services no products
- **Independent from any archiving or decommissioning providers**
- All projects in time & budget
- **Building trust and deliver high quality for your business**

Service Solutions
